- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *Heads of faculty will receive training through leadership meetings and share good practice on the use of evidence cover sheets.*
- *Heads of faculty will receive training on completing the Head of faculty check list and their rationale for their grades.*
- *Assistant Headteacher to disseminate all relevant information provided by Ofqual, DFE, JCQ and examination boards.*

### Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate (2 x teachers in Science)*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. This will be evident on the evidence cover sheet.*
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college. This will be evident on the evidence cover sheet*
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- We will consider the specification and assessment objective coverage of the assessment.*
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- We consider different types of evidence when a student has been absent due to Covid19. This will be evident on the student evidence cover sheet.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *Heads of Faculty have identified through their respective schemes of work the content that has been delivered face to face, through independent platforms, remote online learning through Microsoft Teams and any content that hasn't been delivered due to the COVID 19 pandemic.*
- *Any aspects of the course that have not been delivered due to Covid19 has been recorded on the coversheet*
- *All teachers will only assess taught content and will not assess any untaught content – however, this may be applicable if it demonstrates a deeper understanding of linked content/objectives*
- *Most assessments will be timed, and the relevant examination board mark schemes adhered to if past paper questions are used.*
- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will not use FFT modelling predicted grades as a basis of awarding assessed grades in the first instance but we will look at this to create a line of questioning if grades look uncharacteristically too high or too low. This will form part of our quality assurance process.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias. This is explained in the Head of Faculty Checklist document where a rationale for grades is given.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre. This will be a head of faculty across the Trust or Mrs Mandy Turner (SLT).*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the Key Stage 2 attainment on entry of the year group in comparison to the cohorts for 2017-2019 with the caveat that this cohort is the first nationally with Standardised Assessed Scores as opposed to National Curriculum levels*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will consider the teaching and learning journey of departments over the period of 2017 – 2021 when comparing grades from a previous cohort (including changes in staffing)*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*
- *We will consider FFT benchmark modelling for this year's cohort in comparison to previous cohorts' targets and performance*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will provide all heads of faculty with three years of historic outcomes and compare this to the 2021 Teacher Assessed Grades. Head of Faculty checklist document with rational, evidence folders and progress data will be used for internal quality assurance meetings.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*
- *We will analyse subject performance through the analysis of relevant FFT dashboards and FFT benchmark modelling*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- We will omit subjects that we no longer offer from the historical data.*
- We will consider the prior attainment of option based subjects especially where there is a smaller number of students as summative attainment data will be affected.*
- We will consider cohort sizes, especially in option subjects as these can change dramatically year on year.*
- Where new subjects have been introduced to KHS (for example Travel and Tourism and Sports Studies), we will consider the coursework activities, the moderator guidance and use the specifications to accurately award the grades.*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- During planned assessment weeks the head of faculty will liaise with KHS SENCO to arrange the necessary exam access. The students have already been externally assessed for these arrangements and access agreed. This is their normal way of working.*
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: JCQ – A guide to the special consideration process, with effect from 1 September 2020*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Narratives to be produced for students that have been affected by differentiated lost learning due to COVID 19 pandemic. This will be recorded on the evidence cover sheet and the head of faculty checklist supporting document.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders, Heads of Department and Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*
- *the training to be provided to discuss bias and objectivity. OFQUAL and JCQ guidance documentation have been disseminated and read by all teaching staff involved in the awarding of grades*

<https://www.jcq.org.uk/maintaining-objectivity>

[Information for centres about making objective judgements 2021.pdf](#)

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

- *Training is received in groups. This is followed up with individual meetings with Heads of faculty where evidence, grades, prior attainment, assessment results are quality assured before submission*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades . This will be evidence in the Head of faculty checklist supporting document.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *A timeline of implementation has been disseminated to all stakeholders involved*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*
- *We will ensure that there is a contingency policy for access to data in the event of a non-planned event eg. A further lockdown, cyber-attack. This contingency policy will be at school and Rowan Learning Trust level.*

## Authenticating evidence

### D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include: assessing students under exam conditions in class and ensuring work at home is of a similar standard and quality assuring grades over time to ensure there is not an erratic change in grades; assessing students on questions they have never seen before; moderating with students of similar ability; Reporting any concerns to MTU(SLT) for investigation; parents involved in the process.*
- *Robust mechanisms, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations [https://qualifications.pearson.com/content/dam/pdf/Support/DD02688\\_Customer\\_Facing\\_Asset\\_V2g.pdf](https://qualifications.pearson.com/content/dam/pdf/Support/DD02688_Customer_Facing_Asset_V2g.pdf) to support these determinations of authenticity.*
- Staff will sign an authentication form to evidence the level of control over the assessment.
- Students will sign an authentication form to declare the work submitted is all their own and where it isn't, reference will be made to the nature of any external source
