

KIRKBY CHILD MONTH

AT KIRKBY HIGH SCHOOL

The Kirkby Child is something that is shared across the schools in Kirkby, highlighting the key values and characteristics that students from our area should possess. The idea of the Kirkby Child was born at our school, and over the years, we have continued to develop this, extending into our current “Confident Kirkby Child” and our “Kirkby Code”.

We place great value as a school on the importance of these characteristics and values, and to celebrate this, we are going to hold our very first *Kirkby Child Month*.

When we first launched The Kirkby Child, we involved our whole school community, including students, parents and staff through a variety of things such as parent voice and student parliament. Prior to Kirkby Child Month 2022, we will be asking for feedback from our students and staff body so that we can provide a bespoke and beneficial month, ensuring that this is tailored exactly to our students’ needs.

Collecting Feedback

We would appreciate feedback from as many members of our school community as possible, so this week, we are busy in school collecting feedback from staff and students. Parents will also receive a text message containing a link to a short questionnaire so that we can plan our exciting *Kirkby Child Month*.
