

Maximising our Potential

Friday 17th April 2026

April 2026 School Report

This report provides an indicator of your child's progress, behaviour and attitude to learning since September.

Your child has been set stretching individual targets based on their performance at KS2. The Department for Education (DfE) produces estimates of the expected GCSE grades for your child using KS2 SATS results. Using prior attainment data, we have devised an attainment banding for your child, which is linked to them achieving the best possible GCSE grade. The attainment bands are explained on the next page of the report.

The table on the report shows how your child is progressing towards their individual academic targets. The current assessment column is the teachers' professional judgement of how well your child has been working in this subject. The Attitude to Learning (ATL) grades reflect your child's commitment to their studies in each subject. The grades are based on a scale from A-E and grade descriptions are enclosed.

If you would like to discuss your child's report in more detail with his/her form tutor, please email admin@kirkbyhighschool.net.

Excellent attitudes to learning and strong attendance will support your child in achieving the best outcomes possible. Thank you for your continued support as we work together to maximise your child's potential.

Yours faithfully,

Mr Scott Durrant
Deputy Headteacher

KS3 Attainment Banding

Please see the table below for information regarding your child's attainment banding. Where KS2 data is available, an average of the reading and maths score has been used to work out an attainment band. The final column relates the attainment banding to a range of expected GCSE grades.

KS2 average in reading and maths	Attainment Banding	GCSE Forecast
Greater than or equal to 110	Above (A)	Grades 7 - 9
Greater than or equal to 100 but less than 110	Expected (E)	Grades 4 – 6+
Below 100	Working Towards (WT)	Grades 1 – 3+

The +/-/- grading shows how secure students are with the assessment criteria within their attainment band.

+/=/-	Definition
+	Means they are secure in most (or all) of the assessment criteria within that banding
=	Means they are secure in some of the assessment criteria within that banding
-	Means they are starting to access the assessment criteria within that banding
